

CITY OF MARION-PUBLIC HEARING

November 28, 2016

Minutes of a Public Hearing of the City Council of the City of Marion held in the Council Chambers of the Marion City Hall November 28, 2016. Mayor Butler called the meeting to order at 6:00 P.M.

Treasurer Steve Hale explained the proposed tax levy for 2016, based upon Councils estimate, is 16.7% over last year's tax levy.

The proposed 2016 levy amount is \$1,797,800.00 which will go to fund the Fire Pension Fund, the Police Pension and the Recreation Fund. The Debt Service is zero. All averaged together makes the increase 16.74% over all. Treasurer Steve Hale stated a property with an appraised value of \$100,000.00 will see an approximate increase in property taxes for the City of Marion of \$26.00. The assessed evaluation won't be known until after the first of next year, hence the reason for stating the approximate increase.

There being no further questions from the floor, Mayor Butler declared the Public Hearing closed.

Robert L. Butler, Mayor
